

Cobrexilin[®] Plus

VETERINARY USE

Mineral injectable supplement for cattle.

Formula

Contents every 100 ml

Copper (as Edetate Disodium)	1.5 g
Zinc (as Edetate Disodium Dihydrate)	5.0 g
Selenium (as Sodium Salt)	0.5 g
Excipients, sufficient quantity	100.0 ml

Indications

COBREXILIN PLUS is prescribed for the prevention and treatment of deficiencies of Copper, Zinc and Selenium. Its administration allows preventing and correcting disturbances related to lack of this group of microelements, such as anemia, diarrhea, fractures, loss and discoloration of hair, muscle diseases (target muscle), skin and nail alterations, reproduction and immune system disorders and others caused by specific lack of minerals included in the formulation.

Method of Administration

Subcutaneous injection.
